Section 2. Allocation of Positions

The County Manager shall allocate each position covered by the classification plan to its appropriate class in the plan.

Section 3. Administration of the Position Classification Plan

The County Manager, or person(s) designated by the County Manager, shall be responsible for the administration and maintenance of the position classification plan so that it will accurately reflect the duties performed by employees in the classes to which their positions are allocated. Department Heads shall be responsible for bringing to the attention of the County Manager (1) the need for new positions, and (2) material changes in the nature of duties, responsibilities, working conditions, or other factors affecting the classifications of any existing positions.

New positions shall be established only with the approval of the Board of Commissioners after which the County Manager shall either:

ARTICLE III. THE PAY PLAN

Section 1. Adoption

The Salary Schedule, reflecting both grade level and step, as from time to time approved by the Board of County Commissioners, is hereby adopted as the pay plan for Anson County.

Section 2. Maintenance of the Pay Plan

The County Manager shall be responsible for the administration and maintenance of the pay plan. The pay plan is intended to provide equitable compensation for all positions when considered in relation to each other, to general rates of pay for similar employment in the private sector and in other public jurisdictions in the area, to changes in the cost of living, to financial conditions of the County, and other factors. To this end, the County Manager shall, from time to time, make comparative studies of all factors affecting the level of salary ranges and shall recommend to the County Commissioners that such changes in salary ranges as appear to be warranted.

Section 3. Use of Salary Ranges

Salary ranges are intended to permit the recognition of individual performance. The following general provisions shall govern the granting of within-range pay increments.

- (a) The minimum rate established for the class is the normal hiring rate, except in those cases where unusual circumstances appear to warrant appointment at a higher rate. The County Manager may make appointment above the minimum step when deemed necessary in the best interest of the County. Above-the minimum appointments will be based on such factors as the qualifications of the applicant being higher than the minimum education and training for the class, a shortage of qualified applicants available at the minimum step, and the refusal of qualified applicants to accept employment at the minimum step.
- (b) The pay ranges are intended to permit administrative flexibility in recognizing individual difference between positions allocated to the same class and to promote employee incentive by rewarding employees for meritorious service. Salary increases above the first step established for each class of positions shall be granted only in recognition of superior or improved performance. Each Department Head shall be responsible for determining which employees are performing superior service and should receive earned salary increments. Funds for step increases above step 1 may be prorated to the departments in order that earned salary increments be granted proportionately among the departments, on the same percentage basis as the total salaries of those employees eligible. Before becoming effective, the earned salary increment must be approved by the County Manager. Ordinarily, salary increments will be limited to either one or two

established pay range steps. An employee whose performance is outstanding may be granted up to three salary increments at any one time or may be granted an earned salary increment twice during a fiscal year (1) if the Department Head recommends the increments and indicates in writing the special circumstances warranting it and (2) if the recommendation is approved by the County Manager. The maximum step increase in a year shall be four.

Section 4. Payment at a Listed Rate

All employees covered by the salary plan shall be paid at a listed rate within the salary ranges established for their respective job classes except for employees in a trainee status, or employees whose present salaries are above the established maximum rate following transition to a new pay plan.

When an employee attains the maximum rate of a salary range for his/her present position, no further salary increase will be received unless:

- (a) The position is reclassified;
- (b) The employee is promoted to another position with a higher salary range, or;
- (c) The salary for the present position is increased.
- (d) Completion of "trainee" or "work-against" status.

Section 5. Salary of Trainee

An applicant hired, or employee promoted to a position in a higher class, who does not meet all the established requirements of the position, shall be appointed with the approval of the County Manager at a pay rate established by the County Manager for General County employees, based upon the recommended experience and training indicated in the position's class specification. Employees subject to the State Personnel Act will be designated "Trainees" or "Work-Against" in accordance with rules and regulations established by the Office of State Personnel. An employee in a trainee or work-against status shall continue to receive a reduced salary until the appointing Department Head and the County Manager shall determine that the trainee meets all qualification requirements and is qualified to assume the full responsibilities of the position.

Section 6. Pay Rates in Promotion, Demotion, Transfer, and Reclassification

When an employee is promoted, demoted, transferred, or reclassified, the rate of pay for the new position shall be established in accordance with the following rules:

- (a) When a promotion occurs the employee's salary shall be increased an amount equivalent to two salary steps or to the minimum of the new salary range, whichever is greater. However, the County Manager will have the discretion to

exceed or waive this increase if circumstances warrant such action and is approved by the Board of County Commissioners. The adjusted salary shall not exceed the maximum of the assigned salary range.

- (b) When a demotion occurs, and the employee's current salary falls above the maximum of the range for the lower class, the employee's salary may remain the same until general schedule adjustments or range revisions bring it back within the lower range; or the employee's salary may be reduced to any step in the lower salary range, as long as the reduced salary does not fall below the minimum salary rate of the range. Action of the above shall be the responsibility of the Department Head and the County Manager.
- (c) When a transfer occurs from a position in one class to a position in another class, assigned to the same pay range, the employee shall continue to receive the same salary.
- (d) When a position is reclassified and the incumbent is assigned to a class having a higher salary range, action shall be taken in the same manner as a promotion, and when a position is reclassified and the incumbent is assigned to a class having a lower salary range, action shall be taken in the same manner as a demotion.

Section 7. Pay Rates in Salary Range Revisions

When the Board of Commissioners approve a change in salary range for a class of positions, the salaries of employees whose positions are allocated to that class shall be affected as follows:

- (a) When a class of positions is assigned to a higher salary grade, employees in that class may receive a two-step pay increase or an increase to the minimum step of the new range whichever is higher.
- (b) When a class of positions is assigned to a lower salary grade, the salaries of employees in that class will remain unchanged. If this assignment to a lower pay range results in an employee being paid at a rate above the maximum step established for the new class, the salary of the employee shall be maintained at that level until such time as the employee's pay range is increased above the employee's current salary.

Section 8. Pay for Part-time Work

Compensation of any employee appointed for less than full-time service shall be computed at an hourly rate or a salary determined by the County Manager, based upon the position's classification, if applicable. Temporary Part-time employees will receive the same holidays as the regular employees provided they work a full, regularly scheduled workday before and after the holiday. Said employees will be covered by Worker's

Compensation and Social Security, but will receive no additional fringe benefits. Regular and probationary part-time employees who work at least twenty (20) hours a week on a scheduled basis shall receive the same benefits as regular and probationary full-time employees.

Section 9. Overtime

(Amended November 13, 2018)

It is the policy of Anson County to abide by all applicable sections of the Fair Labor Standards Act along with the Fair Labor Standards Amendments of 1985. Under such implementation, Anson County shall properly record all applicable overtime accrued for each covered employee.

This policy shall be applicable to all employees of Anson County who are covered under the provisions of the Fair Labor Standards Act. Its intention is to assure good faith compliance with such Act to the extent applicable to Anson County.

- (a) Employees are expected to work during all assigned periods exclusive of bona fide breaks, mealtimes or unscheduled hours, etc. Employees are not to perform work during such non-work breaks, mealtimes, or unscheduled hours, unless they receive approval from their immediate supervisor, except in cases of extreme emergency.

An extreme emergency exists when an employee is called upon to perform work for Anson County that could result in damage to property or persons or which requires immediate attention of the employee that cannot possibly be postponed. Employees who work excess hours due to an emergency shall properly advise their immediate supervisor of the overtime worked as soon as practical for final approval or disapproval.

- (b) It is the policy of Anson County, in agreement with its employees, that employees may receive compensatory time off at a rate of not less than one and one-half hours for each hour of employment for which overtime compensation is required under the Fair Labor Standards Act, provided that:
 - (1) The position does not involve administrative, professional or managerial work excluded from these overtime provisions by the (Amended June 6, 2000) by the Fair Labor Standards Act. These exempt employees, excepting all department heads, will be allowed to accrue 'Extra' time at a rate of one hour for each hour worked over forty, provided that the employee receives written permission from their immediate supervisor or department head prior to accumulation of the 'Extra' time and further provided that the employee use this accumulated time within 90 days of accrual. This 'Extra' time shall not be construed to be a right of each exempt employee, rather a privilege provided by Anson County.

Furthermore, this 'Extra' time shall not constitute a liability to the County upon separation or termination of the employee and thus, the accrued time will be lost.

- (2) Compensatory time off shall be granted whenever feasible and taken within three (3) months from the time it is earned; and shall be approved in the same manner as annual leave.
- (3) Department heads may with the prior approval of the County Manager authorize pay to employees for overtime work when it is not feasible to permit their absence for the purpose of taking compensatory time off; and
- (4) The payment of overtime pay shall depend upon the availability of funds in the departmental budget.

(Adopted November 13, 2018)

- (5) In the event Anson County declares a State of Emergency for any natural or manmade disaster, exempt employees and non-exempt time employees are eligible for overtime compensation for hours worked over their normal work schedule during the event. Employees will return to their respective classifications when the State of Emergency declaration period ends.
- (6) In the event a North Carolina county has been declared a disaster county by the U.S. Department of Agriculture and the N.C. Department of Health and Human Services, exempt employees and non-exempt employees that are required to work after the initial event in a declared disaster county are eligible for overtime compensation for hours worked over their normal work schedule during the event.

Covered employees who work in public safety activities, emergency response activities, or seasonal activities, may accrue not more than 480 hours of compensatory time for overtime hours worked after April 15, 1986. Other covered employees may accrue not more than 240 hours of compensatory time for overtime hours worked after April 15, 1986.

For employees that receive a fixed salary and are on a 37.5 or 40 hour workweek overtime will not be considered until 40 hours are exceeded. This includes those employees that work a standard 37.5 workweek. Deputies and Jailers overtime must exceed 168 hours in a specified 28-day work period.

- (c) An employee who performs County work on regularly scheduled holidays may receive compensatory time off or pay at his regular hourly rate during his

regular workweek or applicable work period. However, if holiday work results in overtime for the employee, he will be paid as provided in this section.

Sick and vacation time off in a work period will not count towards computing overtime hours. These leave times may be counted in order to make a work period's hours come up to the minimum but will not be included in computing overtime.

(Adopted March 11, 1998)

Anson County encourages its employees to seek additional training as a means of career enhancement and self-satisfaction. If you have been asked to attend a training session, you will be paid as if it were normal hours worked. This means if your total time worked exceeds 40 hours in a workweek, all time over 40 hours will be calculated at time and one half (1½).

Section 10. Call Back Pay

(Revised March 11, 1998)

Call back pay is designed to compensate the employee for any inconvenience he or she may encounter due to being called back to work for emergencies that might arise. If you are not called you will be paid nine hours call back pay a week. Any County employee eligible to receive overtime compensation under this policy will be guaranteed a minimum payment of two (2) hours wages for being called back to work outside of normal working hours. In the event you are called in for an emergency, after you have worked four hours, you will then be paid for the additional hours worked at the regular rate of pay or at time and one half rate of pay, as is applicable.

Section 11. Stand-by or Call Back Procedure

(Adopted June 4, 1996 – Applies to Water Distribution Employees only)

(Amended April 1, 1997 – Applies to all Utilities Department employees)

Implementation of this procedure is to assure that all problems arising after normal working hours will be promptly and properly corrected.

- (1) One employee will be on call for 7 days at a time. The designated employee will be on call from 4:30 p.m. Monday until 8:00 a.m. the next Monday.
- (2) While on call an employee will be furnished a County vehicle to use for after hour calls only. While on call, the employee will also be furnished a mobile phone and pager. During on call status, the employee is expected to be within hearing distance of the phone or pager at all times.

- (3) The 911 communications center will dispatch all calls after hours.
- (4) Upon receiving a call, the on call employee, if not at their residence, will return at once to their residence, take the County vehicle to the site and correct the problem.
- (5) The on call employee will be provided standard water department work order forms. These forms are to be completed, listing the beginning and ending time of the project and the nature of the problem. When working on service calls, the customer's name, location, meter number and complaint should also be included on the work order.
- (6) If, after viewing the complaint, the on call employee needs assistance in correcting the problem or has any questions, he/she is to call the communications center who will in turn call for assistance.
- (7) If the on call employee is not called out during their week of on call status, the employee will receive pay for 9 hours. If the on call employee is called out during their week of on call status, then the regular overtime policy will apply.
- (8) Employees will be placed on call in alphabetical order. The list, naming each employee and their dates of on call service, will be posted at the various Utilities Departments. Should an employee be unable to serve when scheduled, said employee may find a replacement and notify the appropriate Utilities Department office immediately.
- (9) The on call employee must act and behave appropriately and respond to the call in a safe manner. As always, alcohol consumption is not permitted while on call or during regular working hours.

As always, all water department employees will be expected to report to work when needed.

Section 12. Payroll Deductions

Federal and State income taxes, Social Security tax and retirement contributions shall be payroll deducted as authorized by law and the County Commissioners. The Board of Commissioners must approve any other payroll deduction. (See Article IX)

Section 13. Payroll Procedure

All employees shall be paid on every other Friday. If payday falls on a holiday, employees will be paid on the last working day prior thereto.

Section 14. Effective Date Of Salary Adjustments

(Revised November 2009)

Salary adjustments shall become effective on the beginning date of the next pay period after the date of the actual occurrence. Interim duty appointments and the dismissal of interim duty appointments for supervisory positions shall become effective on the date of actual occurrence.

Section 15. Longevity Pay Plan

(Revised November 6, 2001)

The Anson County Longevity Pay Plan is intended to reward regular full time employees for faithful continuous service on an annual basis. Regular full time employee status must be maintained for the complete eligibility period of December 1 through November 30 for qualification of continuous service.

(Revised June 1997)

(Revised November 2009)

Longevity payment will be made to employees eligible in accordance with the following longevity pay plan, not to exceed \$1600 per employee per year, based on total continuous service through November 30 (Established Eligibility Date) in any calendar year. Longevity pay shall be distributed in a separate check in December.

<u>Years of Service</u>	<u>Longevity Pay Rate</u>
3 but less than 5 years	1% Annual Salary
5 but less than 10 years	2% Annual Salary
10 but less than 15 years	4% Annual Salary
15 but less than 20 years	6% Annual Salary
20 or more years	8% Annual Salary

Longevity pay shall be made in one lump sum and shall be computed by multiplying the employee's annual base salary rate as of the eligibility date by the appropriate percentage, rounded to the nearest dollar. Longevity is not considered a part of annual base pay for classification and pay purposes, nor is it to be recorded in personnel records as a part of annual base salary.

A regular employee, appointed to a permanently established position, is eligible for longevity pay, only after the date the employee has completed three (3) years of

continuous service. Any change of appointment to temporary, or part-time will cause the employee to become ineligible for longevity pay.

The longevity pay plan shall apply to all Anson County regular employees, appointed to a permanently established position. An employee's earliest possible date of eligibility for longevity payment is the date that he/she has completed three years of continuous service with Anson County. If an employee retires, resigns, dies, or is otherwise separated on or after the date of becoming eligible for longevity payment, the full payment shall be made to the employee and/or the estate of the employee.

A. An Employee will not be eligible to receive longevity pay who:

- (1) Terminates employment with the County, either voluntarily or by administrative dismissal with cause, prior to the longevity eligibility date.
- (2) Is placed on long term disability prior to the eligibility date.
- (3) Is employed in the following agency: Agriculture Extension, or any position which is completely funded by an outside organization and whose payroll is administered as a courtesy only.

B. Employees on Leave of Absence will be affected as follows in regard to longevity pay:

- (1) Any employee on an authorized leave of absence without pay shall be considered to be in continuous service.
- (2) Employees on leave of absence will receive their longevity pay upon their return to active service with the County.
- (3) An employee who does not return to active service from an authorized leave of absence shall forfeit his/her longevity pay.
- (4) Employees on Workers' Compensation Leave shall receive longevity pay in the same manner as if they were working.

- Section 5. Selection
- Section 6. Appointments
- Section 7. Probationary Period of Employment
- Section 8. Promotion

- Section 10. Transfer

ARTICLE IV. RECRUITMENT AND EMPLOYMENT

Section 1. Statement of Equal Employment Opportunity Policy

It is the policy of the County to maintain a systematic, consistent recruitment program, to promote equal employment opportunity, and to identify and attract the most qualified applicants for all present and future vacancies. This intent is achieved through consistency in announcing all positions, evaluating all applicants on the same criteria, and by applying testing methods where applicable through the Local Job Services Office (Employment Security Commission). To avoid discrimination, equal employment opportunities are allowed without regard to sex, race, religion, color, national origin, age, or physical handicap or disability.

Section 2. Recruitment

(Amended November 05, 2019)

Vacant positions will be reviewed by the applicable Department Head and the County Manager to determine whether they should be filled. The Human Resources Manager or designee shall be responsible for a recruitment program to fill any vacancy.

All position announcements shall be posted for a minimum of seven (7) working days at (1) the County Personnel Office or other designated place, and (2) the Local Employment Security Commission, which have been designated as the two established referral sources. Optional recruiting publicity shall be carried out through media appropriate to the program.

(Adopted November 05, 2019)

The County Manager may waive the posting period requirement, when a situation requires immediate action. In these situations, vacant positions may be posted internally for a minimum of five (5) working days.

Recruiting announcements shall include information pertinent to the position/work involved, including at minimum, the title, salary grade and range, key duties, knowledge and skill requirements, minimum education and experience standard, special certification or licensing requirements, and application closing date. In addition, assurance of Equal Employment Opportunity, Affirmative Action compliances, as well as the County's commitment to comply with the Immigration Reform and Control Act of 1986, shall be contained therein.

Section 3. Application for Employment

No applications for external recruitment may be accepted within an agency/department, with all referrals being made through the County Personnel Office or the Local Employment Security Commission.

Section 4. Qualified Standards

- (a) All applicants considered for employment or promotion shall meet the employment standards established by the class specifications relating to the position to which the appointment is being made.
- (b) All appointments shall be made on the basis of merit and without regard to politics, age, race, sex, color, handicap, religious affiliation, or national origin.
- (c) Consideration may be given to "Trainee" appointments when there is an absence of qualified applicants from which to make a selection. In this instance, the deficiencies may be eliminated through orientation and on the job training, and the class is granted a trainee status by the County Manager (County General Positions) and State Personnel (all positions subject to the State Personnel Act).
- (d) Work-Against Appointments (Competitive Service Employees only). When qualified applicants are unavailable and there is no trainee provision for the vacant classification, an appointment may be made below the level of the regular classification in a work-against situation, for the purpose of allowing the employee opportunity to gain the qualifications needed for the full class through on-the-job experience. The appointee must meet the minimum education and experience standard of the class to which initially appointed. A work-against appointment may not be made when applicants are available who meet the education and experience requirements for the full class of the position in question.

Section 5. Selection

Department Heads shall develop, utilize, and document, on a consistent, routine basis, a selection process which best suits the needs in filling positions within each individual agency/department. All selection methods developed and utilized by the Department Head shall be valid measures of job performance.

The County Manager shall institute the same methods when selecting a Department Head.

(Adopted July 19, 2001)

When considering candidates to fill a position that directly reports (Department Head or Supervisor) to the County Manager or higher position, it shall be standard practice to conduct or have conducted a criminal background investigation and the results of this

inquiry shall be one of the considerations in recommending and/or selecting the successful candidate. This provision shall be applicable from the date adopted by the Board of Commissioners and shall apply to all employment candidates including new hires, lateral transfers, promotions or any other movement to one of the subject positions.

Section 6. Appointments

Before any commitment is made to the applicant, the Department Head shall coordinate with the Personnel Officer and/or the County Manager regarding the appointment. The personnel action form, the original application for employment, test score sheet(s), when applicable and any additional supporting documents shall be forwarded to the Personnel Officer. The County Manager shall approve or reject the appointment, and determine if the classification and starting salary is appropriate.

- (a) If the duties of the position may involve operation of County owned/insured vehicles, the Department Head will initiate a review, at the time of employment, of the driving record of the person to be hired, which will become a part of the Personnel file.
- (b) The Sheriff and Register of Deeds shall have authority over the appointment in their respective departments, with the County Manager determining the class and salary of new employees.
- (c) By the authority of Chapter 153A-103 of the N.C. General Statutes, the Board of Commissioners must approve the appointment by the Sheriff or Register of Deeds of a relative by blood or marriage of nearer kinship than first cousin or of a person who has been convicted of a crime involving moral turpitude.
- (d) The County Manager shall be responsible for selecting and appointing department heads upon approval by the Board of Commissioners.

Section 7. Probationary Period of Employment

An employee appointed to a permanent position shall serve a probationary period of six (6) months unless specified otherwise (law enforcement one (1) year). Any employee serving a probationary period following initial appointment may be dismissed at any time during the probationary period if found to be performing assigned duties unsatisfactorily. A regular employee serving a probationary period following a promotion shall be demoted as provided in Section 9 of this Article if unable to perform assigned duties of the new job satisfactorily.

The probationary period may be extended by the Department Head upon concurrence of the County Manager. No employee shall remain on probation for more than nine (9) months, except law enforcement who shall not serve in a probationary status for more than one (1) year.

Employees completing the probationary period in a satisfactory manner will be considered regular employees unless his/her Department Head (except the Sheriff and Register Deeds) indicates in writing, for the County Manager's approval, that the employee:

- (a) Is not performing satisfactory work;
- (b) Should have his/her probationary period extended (not to exceed nine (9) months);
- (c) Should not be retained in the present position or should be released, transferred or demoted; or
- (d) Has been advised of their progress (accomplishments, strengths, and weaknesses).

Section 8. Promotion

- (a) It is Anson County's policy to create equal opportunities for its employees when possible. Therefore, when a current employee applying for a vacant position possesses qualifications equal to or better than the qualifications of other applicants they will be appointed to that position.

However, if other applicants possess equal or better qualifications and if the automatic promotion or transfer of the current employee without considering other applicants would run counter to the County's affirmative Action Policy, then the County must carefully consider the qualifications of other applicants in filling this position.

- (b) Candidates for promotion shall be chosen on the basis of their qualifications and their work records without regard to age, sex, race, color, creed, religion, political affiliation, national origin, or physical handicap. Performance appraisals and work records for all personnel meeting minimum qualifications for the position shall be carefully examined when openings for positions in higher classifications occur.
- (c) If a current County employee is chosen for promotion, the Department Head shall forward the request to the County Manager with recommendations for classification and salary along with reasons for selecting the employee. After considering the recommendation from the Department Head the County Manager shall make or reject the appointment and, if appointed, determine the classification and starting salary.

Section 9. Demotion

Any employee whose work in his present position is unsatisfactory or whose personal conduct is unsatisfactory may be demoted provided the employee shows promise of

becoming a satisfactory employee in another position. Such a demotion shall be preceded by the warning procedures outlined in Article VII. Representative cause for demotion because of failure in work performance and failure in personal conduct are listed in Article VII, Sections 7 and 8.

If the demotion is for failure in performance of duties or failure in personal conduct, the employee shall be provided with written notice citing the recommended effective date and reasons for demotion and appeal rights available to the employee as stated in Article VIII of this Ordinance.

An employee who wishes to accept a position with less complex duties and reduced responsibilities may request a demotion for reasons other than unsatisfactory performance or failure in personal conduct.

Section 10. Transfer

If a vacancy occurs and an employee eligible for transfer from another department wishes to be considered for the appointment, a written request and application must be forwarded to the Personnel Officer during the recruitment period for the position. The request for transfer shall be subject to approval by the County Manager. Any employee transferred without his/her having requested it may appeal the action in accordance with the grievance procedure outlined in Article VIII.

Any employee who has successfully completed a probationary period may be transferred to the same or similar class in a different department without serving another probationary period.

Section 11. Fair and Consistent Treatment

All employees are expected to be treated fairly and consistently. Supervisors and managers are accountable for ensuring such actions related to employee management are not deemed to appear as, inappropriate, irregular, inconsistent or be construed as favoritism. Examples may include (shortened work days, extended lunches, or preferable shift assignments).

Any supervisor or manager found guilty of unfair or inconsistent employee treatment will face disciplinary action consistent with Article VII., Section(s) 7-13 of the Personnel Ordinance.

All outside employment for salaries, wages, or commission and all self-employment must be reported to the employee's Department Head, who in turn will report potentially conflicting employment to the County Manager. Conflicting outside employment

may be deemed improper conduct and shall subject each employee to disciplinary action, up to, and including, dismissal.

- (a) Immediate relatives shall not be permitted to work together, during the same time, or under the supervision of an immediate relative as defined below.
- (b) The term "immediate family" shall be understood to refer to that degree of closeness of relationship which would suggest that problems might be created within the work unit, or that the public's philosophy of fair play in providing equal opportunity for employment to all qualified individuals would be violated. For the purpose of this section, "immediate family" shall be defined as wife, husband, mother, father, guardian, son, daughter, brother, sister, grandchildren, and grandparents, as well as the various combinations of half, step, in-law, and adopted relationships that can be derived from those named herewith.

Section 6. County Residency
(Revised March 05, 2019)

Anson County employees holding Department Head, Manager and Director level positions are required to maintain an actual, bona fide residence within 50 miles of the County border throughout their employment. ARTICLE VI. LEAVE OF ABSENCE

Section 1. Paid Holidays Observed (Revised March 7, 2017)

Anson County policy is to observe the same paid holiday schedule as the State of North Carolina designates for state employees. The following days are observed as holidays with pay for full time and permanent part-time employees.

New Year's Day	Labor Day
Martin Luther King, Jr. Birthday	Veteran's Day
Good Friday	Thanksgiving (2 days)
Memorial Day	Christmas (3 days)
Independence Day	

All salaried employees appointed to a permanently established position shall receive these holidays with pay, providing that the employee is on pay status the day before and the day after the holiday period.

In order to be eligible for holiday pay, a temporary or part-time (hourly) employee must have worked a full regularly scheduled workday before and after the holiday, unless excused by the County.

Employees may wish to be away from work on certain days for religious observances. Department Heads should attempt to arrange the work schedule so that an employee may be granted annual leave when it is requested because the day is a major religious observance for that employee. Annual leave should be denied only when it would create an emergency condition which cannot be prevented in any other manner.

Section 2. Effect of work on Holidays and Other Types of Paid Leave

Regular holidays which occur during a vacation, sick or other paid leave period of any officer or employee of the County shall not be charged as vacation, sick, or other paid leave.

Section 3. Holidays – When Work Required

Employees required to perform work on regularly scheduled holidays may be granted compensatory time off. Where a labor shortage would create undue scheduling problems a Department Head, with prior approval of the County Manager may grant one day's additional pay for a worked holiday.

Compensatory time shall be granted whenever feasible, and shall be taken within three (3) months from the time it is earned. An employee whose regular day off falls on a holiday shall receive an additional day off.

Section 4. Adverse Weather Conditions - Leave Policy

(Revised December 5, 1989)

(Revised January 2, 2001)

In situations involving inclement weather, heavy snow storms, or other unusual circumstances or conditions affecting all or a majority of County departments and/or their operations, it is incumbent upon the Department Head to ensure that his/her department or office is opened to the public at the usual time, unless prior notification to the contrary has been received from the County Manager's office. During emergency situations, employees will be required to abide by pre-described departmental procedures.

County offices and departments shall remain open for the full scheduled workday unless authorization for early closing or other deviation is received from the County Manager's office. All departments and offices will be given sufficient advance notice of any authorized early closing. Employees who, of their own will, leave work before an official early closing time, as well as those employees who report for work late, or do not report for work at all, will be required to use earned vacation for days or hours taken.

The County Manager will announce closing on a predetermined media source and other means as appropriate. In the event that county offices are officially closed, all employees will be paid for regular working hours. In the event that a county employee must work while county offices are officially closed, each non-exempt employee shall be compensated for each additional hour worked. Overtime and compensatory time for those non-exempt employees shall be computed based on actual hours worked for the work-week. Exempt employees will not be entitled to receive additional compensation for hours worked while county offices are officially closed due to adverse weather conditions.

All approved leave time, applied for prior to the weather event will remain in effect in the event that county offices are officially closed.

Section 5. Annual Vacation Leave

For the purpose of earning and accruing annual leave, the twelve (12) calendar month period between January 1 and December 31 is established as the leave year.

Section 6. Vacation Leave - Initial Appointment Probationary Employees

Employees serving a probationary period following initial appointment shall not be permitted to take vacation leave during the first six (6) months of the probationary period unless the denial of such leave will create an unusual hardship. Any vacation leave

granted during this period shall have prior approval of the Department Head. Department Heads shall have the prior approval of the County Manager for their leave.

Section 7. Vacation Leave - Manner of Accumulation

Each regular salaried employee occupying a permanently established budgeted position shall earn vacation leave on a monthly basis in accordance with the following schedule of total service:

YEARS OF AGGREGATE SERVICE	HOURS EARNED PER COMPLETED MONTH	HOURS EARNED PER COMPLETED YEAR
(a) Less than 2 years	6 hours, 40 min	80 hours
(b) 2 but less than 5 years	8 hours	96 hours
(c) 5 but less than 10 years	10 hours	120 hours
(d) 10 but less than 15 years	12 hours	144 hours
(e) 15 or more years	14 hours	168 hours

Vacation leave credited to employees having a workweek with more than 40 hours or less than 37.5 hours shall be determined in accordance with the following formula:

- (1) The number of hours worked by such employees shall be divided by the number of hours in the basic workweek.
- (2) The proportion obtained in step (1) shall be multiplied by the number of hours of leave earned annually by employees working the basic workweek.
- (3) The number of hours obtained in step (2), after rounding the nearest day shall be the amount of leave earned annually by the employees concerned.
- (4) Years of accrued service shall be based upon anniversary date of employment.

Section 8. Vacation Leave - Maximum Accumulation

(Revised November 2, 1993)

Annual leave may be accumulated without any applicable maximum until December 31 of each calendar year. Employees are cautioned not to retain excess accumulation of annual leave until late in the calendar year. However, if the employee separates from service, payment for accumulated leave shall not exceed thirty (30) days, or 240 hours. On December 31, any employee with more than thirty (30) days or 240 hours of accumulated

leave shall have the excess accumulation of hours converted to regular sick leave. Only thirty (30) days or 240 hours of vacation leave may be carried forward to January 1 of the next calendar year.

Employees are cautioned not to retain excess accumulation of annual leave until late in the calendar year. Due to the necessity to keep County functions in operation, large numbers of employees cannot be granted annual leave at any one time. If an employee has excess leave accumulation during the latter part of the year and is unable to take such leave because of staffing demands, the employee shall receive no special consideration either in having annual leave scheduled or in receiving any exception to the maximum accumulation.

Exception: Annual leave accrued in excess of 30 days shall be frozen at the number accumulated on July 1, 1989, not to exceed 60 days. Employees affected by this exception shall forfeit accrued vacation leave in excess of 30 days after December 31, 1990.

Section 9. Vacation Leave - Approval/Manner of Taking Leave

Vacation leave earned by an employee shall be taken only upon prior approval of the Immediate Supervisor or Department Head. Department Heads, and other employees so designated by the County Manager, may be required to take at least five (5) consecutive workdays of accrued vacation leave per calendar year.

Section 10. Vacation Leave - Previous Leave Credit

Any employee, who separates in good standing and is reinstated within three (3) years, may receive previous credit time for the purpose of accruing vacation leave. The total months of previous service time will be recognized at the end of the six (6) month probationary period.

Section 11. Vacation Leave - Terminal Pay and Repayment of Vacation Leave

An employee who is separated shall be paid for vacation leave accumulated to the date of separation, not to exceed a maximum of thirty (30) days or 240 hours.

Section 12. Vacation Leave - Payment for Accumulated Vacation Leave upon Death

The estate of an employee who dies while employed by the County shall be entitled to payment for all of the accumulated vacation leave credited to the employee's account, not to exceed a maximum of thirty (30) days or 240 hours.

Section 13. Sick Leave

Sick leave with pay is not a right that an employee may demand but a privilege granted by the Board of Commissioners. An employee may be granted sick leave if the absence is due to:

- (a) Sickness or bodily injury which may prevent an employee from performing his/her regular duties.
- (b) Medical/Dental appointments.
- (c) The actual period of temporary disability caused or contributed to by pregnancy, miscarriage, childbirth, and recovery therefrom. Since there is no certainty as to when disability actually begins and ends, a doctor's certificate shall be required verifying the employee's period of temporary disability recognized as sick leave.
- (d) Quarantine due to a contagious disease in the employee's immediate family, or exposure to a contagious disease when continuous work might jeopardize the health of others.
- (e) Sickness or death in the employee's immediate family, not to exceed five (5) days, for any one occurrence. The Department Head may authorize additional leave time under exceptional circumstances. Immediate family is defined as wife, husband, mother, father, brother, sister, children, grandparents, grandchildren, plus the various combinations of half, step, in-law, and adopted relationships that can be derived from those named.
- (f) The funeral of a person other than an immediate family member may be granted by the Department Head if an apparent degree of closeness or relationship exists between the employee and the deceased, and if in the judgment of the Department Head, such a relationship normally warrants the employee's attendance at the funeral.

Notification of the desire to take sick leave must be submitted to the employee's Supervisor prior to the leave, or not later than one (1) hour after the beginning of a scheduled workday. Certain workers in EMS, Sheriff, Transportation, Wastewater and Water Departments may be required to give notice of sickness before beginning of scheduled day in accordance with written procedure policies of those departments.

Section 14. Sick Leave - Manner of Accumulation

Each regular salaried employee, occupying a permanently established budgeted position, shall earn sick leave on a monthly basis at the rate of one (1) day per calendar month, except EMS employees, who shall accrue sick leave at the rate of 12 hours per month.

Section 15. Sick Leave - Maximum Accumulation

Sick leave will be cumulative for an unlimited number of days.

Section 16. Sick Leave - Physician's Certificate

The employee's Department Head or County Manager may require a statement from the physician, or other acceptable proof, that the employee was unable to report for work to the end that there will be no abuse of sick leave privileges. At the expiration of an authorized sick leave, the employee's Department Head or County Manager may require a physical and/or mental examination at the County's expense and by a physician of its choice, to determine if the employee is able to resume his/her normal duties.

Section 17. Sick Leave - Retirement Credit for Accumulated Sick Leave

Sick leave earned monthly is allowed as creditable service at time of retirement to employees who are members of the N. C. Local Government Employee's Retirement System. One month of credit is allowed for each twenty (20) days of unused sick leave when you retire, and an additional day for any part of twenty (20) left over.

Section 18. Sick Leave - Transfer from Other Agencies/Entities

Sick leave earned from another North Carolina Governmental Agency and/or entity, will be accepted and transferred to Anson County according to the following provisions:
(Revised/Effective 04/04/2017)

- (a) The total number of hours transferred will be added to the record after one year of employment with Anson County.
- (b) Verification of said accumulated sick leave must be received in writing from the previous jurisdiction.
- (c) The transfer must be completed within three (3) years from the employee's last workday with the previous agency/entity.
- (d) Sick hours applied to the employee's retirement service credit, for retirement, with a previous agency/entity does not qualify for transfer to Anson County.

Section 19. Sick Leave - Separated Employees

Employees who retire or resign and are not reinstated with Anson County within a three (3) year period, shall lose all sick leave credits. No employee shall be paid for any accrued sick leave at termination. Current employees shall be eligible to claim prior sick leave credit on July 1, 1989 provided no more than three (3) years employment lapse has occurred in continuous County employment.

Section 20. Leave Without Pay - Policy

(Revised August 5, 1993)

Leaves of absence without pay may be granted, subject to approval by the County Manager, for absences for personal reasons, for education not directly related to employee duties, extended military service, and illness or other serious health conditions as described in Federal Regulations Part 825, The Family and Medical Leave Act of 1993 (FMLA).

- (a) Conditions - Leaves of absence without pay, except military leave, education leave, and illnesses subject to the FMLA are limited to thirty (30) working days. Leave of absence without pay for illnesses and other serious health problems shall be limited to twelve (12) weeks as outlined in the FMLA. Positions will remain open during periods of approved leaves of absence without pay subject to "key people" as outlined in the FMLA. Failure to return to work on the first working day following leaves of absence without pay are considered voluntary resignations.
- (b) Requests - Requests for leaves of absence without pay will be submitted to the County Manager as far in advance as possible except for leaves under FMLA which must be requested at least two weeks prior to leave beginning under the program.

Section 21. Leave Without Pay - Retention and Continuation of Benefits

(Revised August 5, 1993)

An employee shall use all accrued sick and vacation leave prior to going on leave without pay status. Vacation and sick leave credits will not be accrued during leave without pay. Individual hospitalization and dental insurance provided for the employee, by the employer during regular pay status, will not be provided as an employer expense benefit during leave without pay, unless the employee is on the payroll a minimum of half the working days during the calendar month except for leave without pay under conditions outlined in FMLA. The employee, however, may continue to be eligible for any benefit(s) under the County's group plans, subject to regulations adopted by the Board of Commissioners and the respective group carriers, and provided the employee pays the premium for the benefit.

Section 22. Workers' Compensation Leave

(Adopted – July 10, 2007)

Under the North Carolina Worker's Compensation Act, any employee who is absent from work due to sickness or disability covered by the aforementioned Act, is subject to the following provisions:

(a). For the first seven (7) calendar days of absence from work due to injury or illness, employees will be afforded two options:

1. They may either use approved sick or personal leave
2. They may take leave without pay

(b.) Starting on the eighth (8) calendar day following the injury or illness, employees who have not returned to work shall be placed in a Workers' Compensation Leave without Pay status until the employee returns to work.

(c.) Employees in a leave without pay status will retain, but not accrue, accumulated sick and personal leave while receiving Workers' Compensation benefits.

(d.) Temporary employees will go directly to leave without pay status and will receive all benefits for which they are eligible under the aforementioned Act.

(e.) Upon reinstatement, an employee's salary will be computed on the basis of the last salary plus any salary increase to which the employee would have been entitled (e.g. COLA) during the absence covered by Workers' Compensation benefits.

(f.) Any period of leave without pay for a Workers' Compensation disability that qualifies as a "serious health condition" under the Family and Medical Leave Act (FMLA) will run concurrently with FMLA leave.

(g.) Anson County's personnel ordinance shall continue to apply to an employee on Workers' Compensation leave in the same manner as they would apply to an employee who continues to work, or is absent while on some other form of approved leave.

¹ Under this Act, employees are not compensated for the first seven (7) calendar days of the absence, unless the expected duration of the absence is twenty-one (21) or more calendar days. If the duration turns into twenty-one (21) or more calendar days, they receive retroactive workers' compensation for the first seven (7) calendar days.

Section 23. Maternity Leave - Employee Responsibility

An employee desiring to take a leave of absence from work for reasons caused by, or contributed to by pregnancy, miscarriage, childbirth, or recovery therefrom, shall apply in writing to her supervisor and/or Department Head stating the nature of her condition. Appropriate documentation from a physician shall be provided giving the details of anticipated dates and duration of such leave. Available sick leave shall be used first during the period of disability with all other available types of leave to be used for the balance of the duration of this absence. Said request shall be subject to approval by the County Manager. She is obligated to return to duty by the end of the time determined appropriate. If she finds she will not be able to return to work, she shall notify her Department Head immediately. Failure to report at the expiration of an authorized leave of absence, unless an extension has been requested and approved, shall be considered a resignation.

Section 24. Military Leave

Regular employees who are members of the National Guard or Armed Forces Reserve will be allowed ten (10) workdays' military training leave annually with partial compensation. If the compensation received while on military leave is less than the salary that would have been earned during this same period as a County employee, the employee shall receive partial compensation equal to the difference in the base salary earned as a reservist or a guardsman and the salary that would have been earned during this same period as a County employee. The effect will be to maintain the employee's salary at the normal level during this period. If such military duty is required beyond this ten (10) workday period, the employee shall be eligible to take accumulated vacation leave or be placed in a leave without pay status. While taking military leave with partial pay or without pay, the employee's leave credits and other benefits shall not continue to accrue.

Section 25. Civil Leave

A County employee called for jury duty or as a court witness for the federal or state government, or subdivision thereof, is entitled to a leave with pay for the period of absence required. He/she is entitled to regular compensation, plus fees received for jury duty.

Section 26. Petty Leave

(Revised June 1, 2010)

Each full-time regular employee of the County shall be allowed fourteen (14) hours annual petty leave, with pay, over and above sick and vacation leave. (Half-time employees shall be allowed seven (7) hours annual petty leave, with pay, over and above sick and vacation leave). Petty leave may be granted for personal matters which cannot be transacted outside of office hours, time lost reporting to work, medical and dental appointments, and absences due to adverse weather conditions. Petty leave may be taken in increments of fifteen (15) minutes, up to a maximum of three (3) hours, with the permission of the supervisor and/or Department Head. Any time taken above three (3) hours will be charged as vacation, sick, or leave without pay, as may be appropriate. Unused petty leave, at the end of the calendar year or at the time of separation, will be forfeited. New hires, during the calendar year, shall receive petty leave pro-rated as to the number of months remaining in the calendar year.

Section 27. Educational Leave with Pay

A leave of absence at full or partial pay during regular working hours may be granted to an employee to take one (1) course which will better equip the employee to perform assigned duties upon the recommendation of the Department Head, and with the approval of the appointing authority. An employee may receive reimbursement for one (1) course at a time taken outside of working hours which will better equip the employee to perform

assigned duties, subject to the approval of the Department Head and the County Manager or appointing authority. The County shall reimburse the employee for tuition, fees, and books for the course (up to \$50) provided the employee submits a receipt of course expenses and a notice of successful completion (passing grade or better) of the course.

Educational leave at full or partial pay for a period not to exceed twelve (12) calendar months may be granted to an employee to take a course that will better equip him to perform assigned duties upon the recommendation of the Department Head and the appointing authority with the approval of the Board of Commissioners. An employee granted such extended educational leave with pay shall agree to return to the service of the County upon completion of training and remain in the employ of the County for a period equal to twice the educational leave received, or the employee shall reimburse the County for all compensation received while on educational leave.

An employee on educational leave with full pay shall continue to earn leave credits and any other benefits to which County employees are entitled. An employee on educational leave with partial pay shall earn proportional leave credits.

Section 28. Family and Medical Leave Act

(Adopted August 5, 1993)

(Revised August 6, 2013)

The FMLA of 1993 becomes effective on 8-5-93 and is being incorporated into the County personnel ordinance by reference. The Act generally qualifies all full time County employees (30 hours or more a week) for up to 12 weeks of unpaid leave per year for the birth or adoption of a child, to care for a spouse or an immediate family member with a serious health condition, or if the employee has a serious health condition and is unable to perform their duties. Employers covered by the law are required to maintain any pre-existing health coverage during the leave period. Once the FMLA period is concluded, the employer is required to reinstate the employee to the same or an equivalent job.

Certain exceptions exist for "key employees" as defined by the FMLA statutes as to the requirement for reinstatement of the employee upon their return from leave without pay.

Eligible employees are those who have worked for the County for a total of twelve (12) months and have completed at least 1,250 hours during that time frame. The employee must request leave under FMLA in writing on a form provided by the Human Resources Department office, and that request must be made at least thirty (30) days in advance of the leave, unless impossible due to extenuating circumstances. This prior notice is required so as not to unduly disrupt the employer's operations. The leave form must be accompanied by the appropriate documentation from a physician supporting the request. This certification should include a statement from the health provider as to the necessity of the leave, the length of the leave, and other information as necessary to justify the use of FMLA. During the leave, the employee will be required to file the necessary time sheets and maintain contact with the supervisor to the fullest extent possible. Available sick leave

shall be used first during the period of disability with all other available types of leave to be used for the balance of the duration of this absence. As provided by the law, medical insurance will be provided for the duration of the leave period, up to twelve (12) weeks, for the employee. Each employee will remain responsible for any dependent medical coverage. The employee must also contact his supervisor one-week prior to their expected return to regular pay status to advise the supervisor of his status. Upon returning to work, the employee shall provide the County with the appropriate documentation of ability to return to work with or without limitations.

In situations where both spouses work for the County, the FMLA leave will total twelve (12) weeks for both employees.

Employees on leave under the provisions of the Family Medical Leave Act (FMLA) are prohibited from engaging in any outside employment during the period of leave. Violation of this policy could result in termination of employment for cause.

Section 29. Amendment for School Leave

(Adopted January 4, 1994)

Paid leave equal to 4 hours per calendar year is granted so that all parents, guardians or any person standing "in loco parentis" of a school aged child can attend or otherwise be involved in activities at the child's school. This leave is subject to the following conditions:

- (1) The leave shall be at a mutually agreed upon time between the County and the employee.
- (2) The County will require the employee to provide the County with a written request for the leave at least 48 hours before the time desired for the leave.
- (3) The County requires that the employee furnish written verification from the child's school that the employee attended or was otherwise involved at that school during the time of the leave.

The definition of school includes public and private schools, church schools and preschools. It also includes day care facilities as defined under G.S. 110-86. Employers cannot take adverse employment action against an employee who requests leave under this section.

Section 30. Voluntary Shared Leave Program

(Adopted February 1996)

Purpose

There are occurrences brought about by prolonged medical conditions that cause employees to exhaust all available leave and therefore be placed on leave without pay. It is recognized that such employees forced to go on leave without pay could be without income at the most critical point in their work life. It is also recognized that fellow employees may wish to voluntarily donate some of their vacation leave so as to provide assistance to a fellow County employee. This policy provides an opportunity for employees to assist another employee affected by a medical condition that requires absence from duty for a prolonged period of time resulting in possible loss of income due to lack of accumulated leave.

Policy

In case of a prolonged medical condition an employee may apply for or be nominated to become a recipient of leave transferred from the vacation leave account of another employee within the County or from the sick leave or vacation account of an immediate family member in the County. For purposes of this policy, medical condition means medical condition of an employee or their spouse, parents, children, or other dependents (including step and in-law relationship) that is likely to require an employee's absence from duty for a prolonged period, generally considered to be at least 20 consecutive workdays. If an employee has had previous random absences for the same condition that has caused excessive absences, or if the employee has had a previous, but different, prolonged medical condition, within the last twelve months, the agency may make an exception to the 20-day period. The intent of this policy is to allow one employee to assist another in case of a prolonged medical condition that results in exhaustion of all earned leave.

General Guidelines

- (1) Establishment of a leave "bank" for use by unnamed employees is expressly prohibited. Leave must be donated on a one-to-one personal basis.
- (2) An employee may not directly or indirectly intimidate, threaten, coerce, or attempt to intimidate, threaten, or coerce, any other employee for the purpose of interfering with any right which such employee may have with respect to donating, receiving, or using annual leave under this program. Such action by an employee shall be grounds for disciplinary action up to and including dismissal on the basis of personal conduct. Individual leave records are confidential and only individual employees may reveal their donation or receipt of leave. The employee donating leave can not receive remuneration for the leave donated.

Eligibility

Revised (1) September 12, 2011

- (1) The employee must be a full-time employee.

- (2) Non-qualifying conditions: The policy will not ordinarily apply to short-term or sporadic conditions or illnesses. This would include such things as sporadic, short-term recurrences of chronic allergies or conditions; short-term absences due to contagious diseases; or short-term, recurring medical or therapeutic treatments. These examples are illustrative, not all-inclusive. Each case must be examined and decided based on its conformity to policy intent and must be handled consistently and equitably.

Application Procedure

- (1) By letter or application to the Department Head, a recipient shall apply, or be nominated by a fellow employee, to participate in the program.
- (2) Application for participation would include name, social security number, classification, department, jurisdiction from which donations of leave would be requested, description of the medical condition and estimated length of time needed to participate in the program. A doctor's statement must be attached to the application.
- (3) The Privacy Act makes medical information confidential. When disclosing information on an approved recipient, only a statement that the recipient has a prolonged medical condition (or the family members) needs to be made. If the employee wishes to make the medical status public, the employee must sign a release to allow the status to be known.
- (4) The County shall review the merits of the request and approve or disapprove. The County may choose to delegate the responsibility for reviewing the validity of requests to an existing peer group or establish a committee for this purpose. Such a committee may also be used in an advisory capacity to the County.

Recipient Guidelines

- (1) A prospective recipient may make application for voluntary shared leave at such time as medical evidence is available to support the need for leave beyond the employee's available accumulated leave. The County may establish internal guidelines to facilitate the administration of this process.
- (2) Participation in this program is limited to 1,040 hours either continuously, or, if for the same condition, on a recurring basis. However, management may grant employee continuation in the program, month by month for a maximum of 2,080 hours, if management would have otherwise granted leave without pay.
- (3) Subject to the maximum of 1,040 hours, the number of hours of leave an employee can receive is equal to the projected recovery or treatment period, less the employee's combined vacation and sick leave balance as of the

beginning of the recovery or treatment period. The employee must exhaust all available leave before using donated leave.

- (4) At the expiration of the medical condition, as determined by the County, any unused leave in the recipient's donated leave account shall be treated as follows:
 - (a) The recipient's vacation and sick leave account balance shall not exceed a combined total of 40 hours.
 - (b) Any additional unused donated leave will be returned to the donor(s) on a pro rata basis and credited to the leave account from which it was donated. Fractions of one hour shall not be returned to an individual donor.
- (5) If a recipient separates due to resignation, death or retirement from County government, participation in the program ends. Donated leave shall be returned to donor(s) on a pro rata basis.

Donor Guidelines

Any full time employee of Anson County may fill out a request, which will be filed in the employee's personnel file, to donate accrued leave to a fellow employee with the following rules and guidelines:

- (1) A non-family member donor may contribute only vacation leave to another employee within the same department or County government. A non-family donor may not contribute leave outside the County agency.
- (2) A family member who is a County employee may contribute vacation or sick leave to another immediate family member who is a County employee in any department. Immediate family is defined as spouse, parents, children, brother, sister, grandparents, grandchildren, great grandparents and great grandchildren. Also included are the step, half, and in-law relationships. See Sick Leave Policy for detailed definitions of immediate family.
- (3) The minimum amount to be donated is four hours.
- (4) An employee family member donating sick leave to a qualified family member under this program may donate up to a maximum of 1040 hours but may not reduce the sick leave account below 40 hours.
- (5) The maximum amount of vacation leave allowed to be donated by one individual is to be no more than the amount of the individual's annual accrual rate. However, the amount donated is not to reduce the donor's vacation leave balance below one-half of the annual vacation leave accrual rate.

Article VI. Section 31. Unexcused Absences (Added January 2, 2001):

In the event that an employee is absent without approval from the appropriate supervisor, such an absence will be considered *unexcused* and shall be noted on the employee's timesheet. Each employee receiving an *unexcused* absence will be charged a prorated portion of the respective insurance benefits during the same pay period as the unexcused absence. Each unexcused absence shall subject the employee to the disciplinary process as outlined in Article VII of this document. Any unexcused absence for a probationary employee is cause for immediate dismissal.

Article VI. Section 32. Birthday Leave (Added April 6, 2010):

Effective July 1, 2010, all full time employees in a budgeted position are eligible for one day of paid birthday leave once the 6-month probationary period has been successfully completed.

Employees must submit their birthday leave request, in writing, to his/her supervisor a minimum of one month prior to the day off. The employee must take birthday leave on their birthday or at a mutually agreed upon date within 10 working days of the employees actual birthday (either before or after). Birthday leave is not compensable upon termination and cannot be transferred, banked or carried over past this 10 day window.

No regular employee shall be separated while there are temporary employees serving in the same class in the department, unless the regular employee is not willing to transfer to the position held by the temporary employee. The implementation of a reduction in force will be administered in accordance with the Anson County Reduction in Force Policy, as from time to time amended. (See Appendix B)

Section 4. Disability

An employee may be separated for disability when the employee cannot perform the required duties because of a physical or mental impairment. The employee or the County may initiate action for disability separation, but in all cases consideration for disability separation shall be supported by medical evidence as certified by a competent physician. The County may require a physical and/or mental examination at its expense and by a physician of its choice. Before an employee is separated for disability, a reasonable effort shall be made to locate alternative positions within the County's service for which the employee may be suited.

Section 5. Death

All compensation due in accordance with Article VI, Section 12 of this policy will be paid to the estate of a deceased employee. The date of death shall be recorded as the separation date for computing compensation due.

Section 6. Disciplinary Action

The Department Head or County Manager shall provide the employee with a written notice including the recommended effective date, reasons for the action, and appeal rights available to the employee. The Department Head will provide the County Manager with a written notice of action taken.

Section 7. Failure in Performance of Duties

An employee whose work is unsatisfactory over a period of time shall be notified by the Department Head in what way the employee's work is deficient, and what must be done if the work is to be satisfactory.

An employee, who is suspended, demoted or dismissed for unsatisfactory performance of duties shall receive at least three warnings before disciplinary action is taken. First, one or more oral warnings must be issued by the employee's supervisor; second, a written warning issued by the Supervisor, to the employee, which sets forth the points of the performance deficiencies and giving specifics for the warning; third, a final written warning must be issued by the Department Head serving notice upon the employee that corrective action must be taken immediately in order to avoid disciplinary actions. The supervisor and the Department Head must record the dates of their discussions with the employee, the performance deficiencies discussed, and the corrective actions recommended, and must file the information in the employee's personnel file and notify the County Manager of action taken.

The employee must be allowed at least ten (10) workdays to respond to the charges before any determination is made by the Department Head concerning a suspension or a demotion or a determination is made by the appointing authority concerning dismissal.

The following causes relating to failure in the performance of duties are representative of those considered being adequate grounds for suspension, demotion, or dismissal:

- (a) Fraud in securing appointment;
- (b) Conduct or behavior unbecoming a public officer or employee;
- (c) Conviction of a felony or of a misdemeanor which would adversely affect performance of duties, or entering a plea of "no contest" to either;

- (f) Reporting to work under the influence of alcohol or narcotic drugs or partaking of such things while on duty or while on public property where prohibited, except that prescribed medication may be taken within the limits set by a physician so long as medically necessary, and which are not disruptive to the employee's regular and/or job performance.

A written summary giving the circumstances and facts leading to the suspension shall be prepared; one copy shall be delivered to the employee by certified mail; one copy shall be filed in the official employee file, and one copy shall be filed with the County Manager.

During the investigation, hearing or trial of a County General Employee on any criminal charge, or during the course of a civil action involving an employee, the Department Head may suspend the employee without pay for the duration of the proceeding as a non-disciplinary action. However, the investigation, hearing, trial, or civil action must involve matters that may form the basis for disciplinary suspension, demotion or dismissal in order for the non-disciplinary suspension to be allowed.

Full recovery of pay and benefits for the period of non-disciplinary suspension will be authorized, if the suspension is terminated with full reinstatement of the employee.

Section 12. Non-Disciplinary/Investigatory Suspension (Competitive Service Employees)

Investigatory suspension without pay may be used to provide time to investigate, establish facts, and reach a decision concerning an employee's status in those cases where it is determined the employee should not continue to work pending a decision. Investigatory suspension without pay will be appropriately used to provide time to schedule and hold a pre-dismissal conference. Also, management may elect to use investigatory suspension in order to avoid undue disruption of work or to protect the safety of persons or property. An investigatory suspension without pay shall not exceed forty-five (45) calendar days. However, an agency may, in the exercise of its discretion, extend the period of investigatory suspension without pay beyond the forty five (45) day limit. The employee must be informed in writing of the extension, the length of the extension, the specific reasons for the extension and his/her right of appeal. A copy of the above communication shall be sent to the State Personnel Director and the Department of Human Resources Regional Personnel Director. If no action has been taken by management by the end of forty five (45) calendar days, and no extension has been made, one of the following must occur:

- (1) Reinstatement of the employee with full back pay;
- (2) Appropriate disciplinary action based on the results of the investigation;
- (3) Reinstatement of the employee with up to three (3) days pay deducted from the back pay.

Investigatory suspension of an employee shall not be used for the purpose of delaying an administrative decision on an employee's work status pending the resolution of a civil or criminal court matter involving the employee.

An employee who has been suspended for investigatory reasons may be reinstated with up to three (3) days' pay deducted from his/her salary. Such determination is to be based upon management's determination of the degree to which the employee was responsible for or contributed to the reasons for suspension. This period constitutes a disciplinary suspension without pay and must be effected in accordance with Section 9 of this Article.

Section 13. Dismissal (County General Employees)

All dismissals of County General Employees shall be preceded by an automatic three (3) day suspension without pay, pending completion of an investigation by the appointing authority or County Manager. If the appointing authority or County Manager determines that a dismissal action is appropriate, such dismissal shall be effective at the end of the three (3) day suspension. If a dismissal is made at the end of this period, a written summary giving the circumstances and facts leading to the dismissal shall be prepared. A copy of the summary shall be delivered to the employee by certified mail and one copy shall be filed in the official employee file.

Section 14. Dismissal (Competitive Service Employees)

All dismissals of Competitive Service Employees shall be in accordance with Article I and Article II, Personnel Policies for Local Government Employment Subject to the State Personnel Act. Anson County Travel Policy

(Adopted August 6, 1996)
(Amended July 02, 2019)

Subject: Travel Expenses While on County Business

Purpose: To establish policy guidelines on County reimbursement for expenses while on County business.

Statement of Policy: It is the policy of the County to reimburse employees for reasonable and necessary expenditures made by employees while on official County business. Mileage will be reimbursed at a rate per mile equal to the current allowable IRS reimbursement rate; all other allowable expenses will be on an actual cost basis. All other expenses must be itemized if applicable. Specific reimbursement for breakfast and/or dinner meals will be allowed only if the employee is required to leave before 6:00 a.m. to arrive on a timely basis and/or to return after 8:00 p.m. Claims for reimbursement of travel expenses, other than mileage, shall be accompanied by invoices and/or receipts showing proof of payment of such claims, except the daily meal per diem as provided hereafter.

Travel while on County Business

(1) Travel Advancement

- (a) The Department Head must approve all travel advances. When possible, requests should be made two weeks in advance with a copy of the conference agenda or workshop schedule attached. Whenever possible, checks will be made payable to the hotel or conference which will be attended. Mileage reimbursement shall not be considered a part of travel advancement.
- (b) After returning to work, the employee shall submit a travel reimbursement form with receipts to the Finance Office within five working days, with any amount due to the County included. If receipts total more than the travel advance, payment will be made on the next scheduled accounts payable run.

(2) Overnight Trips

- (a) Lodging. Hotel and Motel expenses will be reimbursed on completion of authorized travel upon submittal of proper claim. A reasonable class of accommodation shall be selected where choice is available. The single rate should be clearly indicated on all receipts.

- (b) Meals. Meal reimbursements for all overnight trips are to be itemized on proper "Travel Expense" forms. If the employee opts for a Per Diem Meal reimbursement, the rates will be based on the current standard rate according to the U.S. General Services Administration.

Reimbursement shall be for actual receipt amounts but shall not exceed the per diem/per meal rate reimbursement amount. Receipts are mandatory; unavailable receipts will result in a per diem/per meal rate reimbursement.

- (c) Mileage Allowance. Employees who utilize their personal vehicles on travel assignments will be allowed the IRS allowable rate per mile. Each employee who drives a private vehicle on County business must have liability insurance on said vehicle.

No reimbursement for mileage shall exceed the dollar amount of round trip airfare at the coach rate on a licensed common carrier, plus auto rental or taxi fare at point of destination.

When two or more employees are attending the same seminar, convention, or meeting, carpooling shall be practiced whenever possible. The actual speedometer reading from the office to destination and return to the office will be used.

If an employee for his or her own convenience travels by an indirect route or interrupts the most economical route, the employee shall bear any extra expense involved. Reimbursement for such travel shall be for only that part of the expense as would have been necessary in order to travel.

- (d) Out of State travel requires prior approval by the Manager in writing and a Training Attendance Request Form.

(3) Local Travel and Expenses

- (a) Local Mileage. No mileage will be paid for commuting from an employee's personal residence to the County office or a workstation.
- (b) Local Meals. Reimbursement for meals will be allowed only where the employee is attending a seminar or conference as a representative of the County for a specific purpose, or where the employee's attendance will directly benefit the County. APPENDIX B

Anson County Reduction in Force Policy

Introduction

This policy establishes guidelines for the administration of a reduction in force in which employees are separated due to shortages of funds or work, abolishment of a position, or other significant changes in duties or organization.

Authority

Anson County Personnel Ordinance, Chapter 126 of the General Statutes of North Carolina and the Personal Policies for Local Government Employees Subject to the State Personnel Act authorizes the implementation of such a policy and expresses the essential elements required of the department in planning a reduction in force. The policy is copied below in its entirety from the State Personnel Act Employee Manual and is followed by guidelines for its use. The policy states the following:

For reasons of curtailment of work or lack of funds, the appointing authority may separate employees. Retention for employees in classes affected shall be based on systematic consideration of type of appointment, length of service, and relative efficiency. No regular employee shall be separated while there are emergency, intermittent, temporary, provisional, probationary, or trainee employees serving in the same class in the department unless the regular employee is not willing to transfer to the position held by the non-status employee.

An employee with a satisfactory employment record who is terminated in accordance with the provisions of this policy will be considered for any vacant position for which he/she meets job specific qualifications as stated in the job announcement. Copies of such job announcements will be forwarded to qualified individuals at the address provided by the individual for a period of twelve (12) months after the effective date of the termination.

A regular employee who is separated due to reduction in force shall have the right to appeal in accordance with the County Personnel Ordinance to the State Personnel Commission for a review to assure that systematic procedures were applied equally and fairly.

Guidelines

I. Determining the Scope of the Reduction and the Layoff Unit

Budgetary restrictions, consolidation or abolishment of function or organizational units, curtailment of work or activities, or other reasons may result in the need to abolish a position(s) or to so substantially redesign a position(s) that the incumbent does not qualify for the revised responsibilities, thus effectively abolishing the position, or that the resulting reclassification results are such that the incumbent would not reasonably be considered a candidate for the new position. When this happens, the County Manager shall examine the organizational and program scope of operations of the department to determine the need to designate a "layoff unit". Then the County Manager will determine the necessary reallocation, reassignment (transfer), and/or abolishment of positions. In considering the above, the following factors are among those which may be considered in this determination:

- Legal mandates for programs
- Impact on overall program objectives
- Possible redistribution of available resources
- Organization structure
- Funding sources and budget guidelines
- Composition of the work force
- Equal employment and affirmation action considerations
- Economy and efficiency in service

Once the above factors have been identified, the County Manager, after discussion with the Board of Commissioners, shall identify the layoff unit(s) and designate the necessary reallocation, reassignment, and/or abolishment of positions.

The layoff unit, designated for the purpose of handling any necessary separation of employees, may be an entire department, any division, or any organizational, geographic or program subunit of the department. It may also include staff specialty within a division or program unit. The layoff unit need not coincide with the program, function, or activity that is the cause of the abolishment(s). Layoff unit designations allow management to distribute staff resources according to service priorities of the County.

All planning efforts dealing with the abolishment of position(s) shall reflect a review process identifying the reasons for the results of the specific organizational program and/or position changes.

II. Employee coverage and Exemptions

The reduction in force policy covers all regular employees as defined below:

For purposes of this policy, the term regular employee means a person who has satisfactorily completed a prescribed probationary period of at least six months duration in a permanent position in a department or who entered department employment with regular status.

III. Establishing a Plan and Procedure for Employee Separation

The necessary separation of employees in the layoff unit(s) shall be determined based on the systematic consideration of the type of employment, length of service and relative efficiency of the employees. The following factors shall apply in determining and scheduling employees for separation:

(1) The type of appointment shall be the first determinant. No regular employee in an affected classification shall be separated while there are emergency, intermittent, temporary, and probationary or trainee employees working in the same class in the department.

(2) Separation of non-regular employees shall be made in the following order:

(a) Emergency, intermittent, and temporary employees.

For this purpose, the three categories will be treated as one group.

(b) Probationary and trainee employees.

For this purpose, the two categories will be treated as one group.

Non-regular employees shall be given written notice of separation as soon as possible in advance of the scheduled separation.

(3) Separation of regular employees from positions in the affected classifications in the layoff unit shall be made upon systematic consideration of length of service and relative efficiency.

For the purposes of this policy, service shall be determined by length of continuous service (paid employment) with Anson County. Service with other governmental jurisdictions will not be a part of this computation.

(4) Performance evaluations and warnings received in accordance with the provisions of the County Personnel Ordinance will be included in consideration of relative efficiency.

(5) Nothing in this policy shall be interpreted as assigning to an employee the right to displace or "bump" a regular employee from a position in order to create a vacancy.

IV. Notice Requirements

After the necessary separation decisions are made through application of the above criteria, the County Manager, in cooperation with the appropriate Department Heads, shall give formal written notice to all regular employees scheduled for separation. The notice shall be given as soon as possible. The appropriate Department Head shall review with the employee the reasons for the action and discuss mutual rights and responsibilities under the reduction in force policy.

V. Appeal Rights

A regular employee, as defined in this policy, who is separated due to a reduction in force, shall have the right to appeal the separation in accordance with the Anson County Grievance Procedure, or in the case of employees subject to the State Personnel Commission, directly to said Commission. Appeal to the State Personnel Commission must be done within 30 days after the date of separation.

Anson County Drug Free Workplace and Drug Test Policy

(Combined / Revised February 3, 2010)

This policy is designed to establish and maintain a drug free workplace and serves to comply with the Federal requirements in the Drug Free Workplace Act of 1988. Any location at which County business is conducted is declared to be a drug free workplace. This includes County buildings, property and vehicles. Any employee who unlawfully manufactures, distributes, or possesses in the workplace any controlled (illegal) substance or alcohol may be disciplined as prescribed by the Personnel Ordinance and Article VII, up to and including dismissal. Likewise, any employee of Anson County that is reasonably suspected of being under the influence of any controlled substance or alcohol will be tested.

As a condition of employment, each employee shall notify his or her supervisor of a conviction of any criminal drug statute that occurs while employed with Anson County no later than five (5) days after such conviction. If the employee is engaged in work funded by a federal grant, Anson County will notify the federal government (contracting officer) within ten days of receiving such notice. Any employee who is convicted of a criminal drug statute will be disciplined as prescribed by the Personnel Ordinance and Article VII, up to and including dismissal.

All employees working in safety sensitive positions (law enforcement, utilities, EMS-including 911 operators, health care professionals, transportation services and all other employees whose duties include driving), or anyone whose behavior might be suspect of being under the influence of drugs or alcohol will be subject to testing. If an employee is involved in an accident during a work schedule, he or she will automatically be tested.

Several times a year, Anson County Government will engage a certified laboratory that specializes in drug and alcohol testing to conduct unannounced random testing on a certain percentage of employees in safety sensitive positions. The random selections will be made by the laboratory.

If a test result is confirmed positive, the employee will be notified in writing by the Human Resources Department of the test result, including identification of the particular substance found. The employee shall have the right to request a retest as provided by NC General Statutes 95-232(f). This statute states that the cost for a retest shall be the employee's expense and the test must be performed within 90 days of the confirmed positive report.

Any employee that tests positive for illegal drugs or refuse to submit to a drug test may be disciplined as prescribed by the Personnel Ordinance and Article VII, up to and including termination. If an employee is terminated for testing positive for illegal drugs, he or she will not be considered for re-employment.

Also as a condition of employment, all final candidates for employment will be tested and must test negative before a job offer is made.

Appendix D

Internet Usage Policy

(Adopted: March 21, 2000)

The County of Anson provides employees access to the vast information resources of the Internet with the intention of increasing productivity. While the facility has the potential to help you do your job faster or smarter, there is justifiable concern that it can also be misused. Such misuse can waste time and potentially violate laws, ordinances, or other County policies. This Internet usage policy is designed to help you understand the expectations for the use of these resources.

The underlying philosophy of this policy is that Internet access from the County of Anson is primarily for business related purposes including communicating with customers, suppliers, colleagues, to research relevant topics and to obtain useful business information. In addition, all existing laws and County policies apply to your conduct on the Internet, especially those that deal with intellectual property protection, privacy, misuse of County resources, sexual harassment, data security, and confidentiality.

The best way to determine if use of the Internet is appropriate is to ask "If I were doing this same activity in some other way (e.g. telephone, library, in person, by hand), would this activity be considered inappropriate?" There are a few pertinent observations. The use of the Internet does not cause incremental expense to the County, so the use of the Internet *in and of itself* does not constitute abuse anymore than using the telephone for local calls *in and of itself* does. What is being done is what is important, and there are two key tenants:

Don't do anything with County Internet access resources that would otherwise be considered illegal or grossly inappropriate. Downloading erotica, playing games, sending non-County business mass mailings, and running a private business are obvious examples.

Don't waste County Time. There are plenty of fascinating sites to explore, but County time should be spent conducting County business.

Detailed Internet Policy Provisions

- The display of any kind of obscene image or document on any County computing resource may be a violation of existing County policy on sexual harassment. In addition, obscene material may not be archived, stored, distributed, edited, or recorded using County network, printing, or computing resources.

- No employee may use County facilities knowingly to download or distribute pirated software or data. Any software or files downloaded via the Internet may be used only in ways that are consistent with their licenses or copyrights.
- No employee may use the County's Internet facilities to deliberately propagate any virus, worm, Trojan horse, trap-door, or back-door program code or knowingly disable or overload any computer system, network, or to circumvent any system intended to protect the privacy or security of another user.
- The County Internet facilities and computing resources must not be used to knowingly violate the laws and regulations of the United States or any other nation, or the laws and regulations of any state, County, province, or local jurisdiction in any material way.
- Each County employee using the County's Internet facility shall identify themselves honestly, accurately, and completely when corresponding or participating in interactive activities, and shall not send unsolicited mass electronic mail.
- Employees should not assume that any County data or databases are subject to the Public Records Law. There are numerous exclusions to this law and such data or databases may not be uploaded or otherwise transferred to non-County entities without appropriate approvals.
- Employees should not have any expectation of privacy as to his or her Internet usage. It is possible to monitor Internet usage patterns and the County may inspect any and all files stored on County resources to the extent necessary to ensure compliance.

Infractions of these policies constitute misuse of County assets and therefore is considered a violation of the County of Anson Personnel Ordinance and may result in disciplinary actions sanctioned under relevant provisions of Article VII, Section 7 of said Ordinance.

They shall be subject to and must abide by the following standards of conduct:

Anson County Government Center Parking Policy

Purpose:

The purpose of this policy is to ensure that County government employees and downtown business persons maintain a positive and harmonious relationship. It is also necessary to ensure that all citizens have access to adequate parking while visiting the downtown area. Downtown parking space is limited and it is important for community and government relations that visitors to downtown have easy access to business and government facilities.

General Rule:

County Employees and contractors working on behalf of the county (hereafter referred to as “employees” for the purpose of this policy) are prohibited from parking on Greene Street (between Morgan Street and Martin Street) and are prohibited from parking on Wade Street (between Washington and Rutherford Street) between the hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (hereafter referred to as “street parking”).

Exceptions:

Temporary street parking

- (1) Medical Necessity – Employees may be approved for temporary street parking, upon providing adequate written verification to his/her department head and upon approval by the County Manager or Human Resources Manager. Such approval will be considered on a case by case basis. At a minimum, however, the requesting party must present a valid medical excuse which specifies the basis for the need to park on the street and the time period for which such parking is necessary.
- (2) Deliveries/Meetings – Street parking is allowable for employees who are making deliveries on behalf of the County. Employees who are attending meetings related to County business may utilize street parking. In both cases, employees may utilize street parking for no more than one hour.

Superseding Law:

Neither this policy nor its exceptions should be viewed as superseding any other town, county, state or federal law, including the two hour parking limit which is currently in

place by the Town of Wadesboro. Nothing in this policy attempts to deny privileges afforded under laws such as those allowing for handicapped parking under NCGS 20-37-6.

Violation:

Violation of this policy will subject the offending employee to disciplinary action and possible dismissal or termination of contract.

However, the Board of Commissioner may, in its sole discretion, appropriate funds for the purpose of paying all or part of a claim made or judgment entered, as provided in this Resolution and to the extent authorized by G.S. 160A-167 or other applicable laws. The Board of Commissioners’ decision shall be final. The County will not pay punitive or treble damages or claims, awards or judgments based upon evidence of gross negligence or willful indifference to the rights of another person, or a claim, an award or judgment based upon evidence which would have disqualified the officer or employee from being provided a defense had those facts been known by the County Manager or County Attorney prior to the time defense of the action was authorized. Defense by the County may be withdrawn upon discovery of such facts.
6. This Resolution shall not be interpreted in any way to relieve any insurance company of its obligation under any insurance policy to protect the interests of any insured under said policy, or to reduce or eliminate the rights of any officer or employee of the County against any other party. Further, except as expressly stated herein, this Resolution is not to be interpreted as a waiver of any rights or defenses the County has against anyone.

7. The Attorney selected to provide defense of an officer or employee shall be in the County's discretion and generally shall be the County Attorney. Any decision to settle a claim or lawsuit on behalf of the officer or employee shall be made by the County. If the officer or employee disagrees with the County's decision to settle, then any obligation of the County to defend said action or pay any judgment in connection therewith shall terminate.
8. Procedures for handling liability claims and lawsuits against the County and its officers and employees shall be established by the County Manager and County Attorney, or their respective designees.
9. Adoption of this Resolution shall not be construed to waive the defense of governmental immunity or any other defense available to Anson County or any officer or employee. A copy of this Resolution shall be maintained in the office of the Clerk to the Board of Commissioners for public inspection during normal business hours, as provided by law.

Anson County Wellness Program Policy for Employees

Physical fitness and emotional wellbeing are critical components for a healthy and productive workforce. Anson County Government recognizes that physically fit employees generally have fewer absences from work and use less medical resources. The wellness program is designed to provide employees access to an exercise facility and health education. This program will enable employees to make educated decisions concerning lifestyle choices such as diet, exercise and stress management.

The purpose of this policy is to establish guidelines for employees of Anson County government who wish to use county sponsored facilities and participate in an employee wellness program organized by the County.

Guidelines for Exercise Facility

1. The use of the exercise facility and participation in the wellness program is a privilege that can be denied for non-compliance with this policy.
2. Use of the exercise facility is restricted to only employees of participating agencies.
3. Use of the exercise facility will not be conducted during an employee's work hours. If an employee is using the facility then it is understood that he/she is "off the clock".
4. Each employee using the exercise facility must have read, understood, and signed a waiver that holds the County of Anson harmless in case of injury or death.
5. It is strongly recommended that employees wishing to begin an exercise program obtain medical clearance from a physician.
6. Employees using the exercise facility will report any unsafe condition immediately to the Human Resource Director.

Guidelines for the Wellness Plan

1. The wellness program is a coordinated effort by Anson County Government to provide access to exercise and health education.
2. Employees wishing access to health education or counseling will have periodic opportunities to attend sessions sponsored by Anson County Government or other agencies.
3. Participation in the wellness program will need supervisory approval as some activities may be during work hours.
4. Limited to one day per calendar year per employee, county employees participating in the plan will qualify for one day of leave per calendar quarter with the employee being selected through a drawing.

Anson County Employee Telephone Use Policy

Telephones, cellular phones, and various other forms of office equipment are provided to employees for the purpose and expectation of conducting County related business. It is realized that on occasion employees may need to make long distanced calls using County telephones, and/or make and receive personal calls on cellular phones. Incidental personal use will not be a violation as long as it is infrequent and does not result in costs to the County. In both of these situations, employees are required to reimburse the County for their personnel use.

Anson County reserves the right to review, audit, and inspect information residing in or transferred over all information systems, including the County issued mobile/cellular phones, and at any time with or without notice and that such access may occur during or after work hours. Such reviews may include auditing of use to make sure there is enough business use to merit the issuance of a County phone.

Employees are expected to differentiate their business calls and personal calls and alert their supervisor so that monthly invoices can be reviewed to determine the appropriate reimbursement to be paid. For long distance calls, employees should reimburse the County for the actual cost of the call.

Telephone invoices are supplied to each department on a monthly basis for review and reimbursement purposes. Reimbursements can be made with cash or check and are coordinated by the County Finance Office. Checks should be made payable to Anson County and turned into the County Finance Office.

Employees shall be responsible for the good care and maintenance of their assigned mobile/cellular phone and will reimburse the County's cost for any damaged or lost phone due to negligence. The employee's immediate supervisor should work in conjunction with the County Manager to make determination of negligence in the case of a lost, stolen, or damaged mobile/cellular phone.

Willful violations of this policy can result in disciplinary action or dismissal from County employment or appointment and may result in criminal prosecution.

For questions relating to the County's Telephone Use Policy, contact the County Manager at 704-694-2796.

Adopted this 9th day of May, 2006.

ATTENDANCE POLICY FOR ANSON COUNTY GOVERNMENT

OUR PHILOSOPHY

Absenteeism is controllable. Time off is not a privilege, it is a benefit. All employees are expected to be at work, on time, and productive.

An absence is a failure to report for and remain at work as scheduled; this includes late arrival and leaving early. Absence includes all time lost from the job whether excused or unexcused, avoidable or unavoidable. The only exceptions to this definition are holidays, vacations, death in the immediate family, workers' compensation cases, approved leaves of absence, and for which no work is scheduled.

POLICY

Excessive absenteeism disrupts work flow and customer service. Supervisors/Managers will be held accountable for the attendance practices of their staff. Departments Heads will be held accountable for the attendance practices of their supervisors/managers, and the manner in which the supervisors/managers acknowledge and address the attendance patterns of their staff.

ROLE OF SUPERVISORS/MANAGERS WHEN AN EMPLOYEE CALLS TO REPORT AN ABSENCE

When an employee calls in to report being late or absent, a supervisor is to:

1. Receive the call personally.
2. Speak directly to the employee rather than a relative or friend.
3. When appropriate, encourage the employee to come to work for the remaining portion of the workday.
4. Inquire whether/not the employee has taken steps to improve the condition causing absence. For example, state: "If you think you need to go to a doctor, you can take time off under the appropriate policy/procedure to do that."
5. Determine when the employee expects to return to work.
6. Remind the employee to call in to report his or her status.

The supervisor should provide information to the employee concerning eligibility for FMLA leave and how to apply for it. If the employee asks for a reasonable accommodation due to a disability, the supervisor should obtain from the employee an exact request and then contact Human Resources.

ACCOUNTABILITY REPORTS

Each month an Absenteeism Report will be issued to each Department Head for distribution to and discussion with the supervisors/managers of that department. As a general guide, any department incurring over five (5%) percent absence may be considered to have an absentee problem. However, supervisors incurring less than five (5%) absenteeism are still responsible for reviewing their employees' individual attendance records.

- All leaves of absence must be requested in advance, and in writing, within two weeks of the actual leave of absence; with the exception of sick leave, FMLA and ADA.
- Family Medical Leave for a foreseeable circumstance must be requested thirty days in advance. If the circumstance is unforeseeable the request must be made at least two days following the event.
- Unless an employee self-identifies a disability, accommodation is not required.
- Sick leave may be used for illness or injury, medical appointments, temporary disability due to childbirth, to care for immediate family members (including care for mother during temporary disability).

To avoid abuse of sick leave privileges, a statement from a medical doctor or other acceptable proof may be required. Evidence to support leave for adoption-related purposes may be required.

EMPLOYEE REPORTS

Attendance for each employee is approved by the supervisor at the end of the pay period.

The supervisor is to review attendance records on a regular basis noting possible problems. While a month-end review is better than no review, weekly reviews are standard.

This review should determine:

- the nature of an employee's newly recorded absences;
- make a judgment on the employee's overall attendance record; and,
- decide upon appropriate action.

Specifically, the supervisor should review how frequently the employee is absent. Absences occurring at a rate of twelve (12) days or more per year are cause for concern and should be addressed through coaching and mentoring. Consider whether the absence is avoidable or unavoidable. Consider patterns in attendance – is the employee frequently absent on Monday or Friday but never on payday? Review whether the employee fails to phone in his absence, which is a violation of the aforementioned policies and procedures.

Absences under the FMLA or ADA are not grounds for taking disciplinary action. However, if the supervisor believes the employee cannot perform the essential functions of the job, has exhausted available leave, has not appropriately communicated the facts, or is violating some other policy; he or she is to contact the Human Resources Department.

Pay particular attention to the employee during the probationary period. If the employee is undependable or uncorrectable after counseling, he/she should be released before the probationary period ends.

In reviewing the records, please remember the following:

1. Anson County is dependent on employees being at work.
2. Anson County requires that employees be on time.
3. Anson County expects employees to be productive.
4. Sick leave absences at a rate in excess of 12 per year should be monitored and addressed accordingly.

COUNSELING

Address absenteeism by private, individual counseling with the employee. At this counseling session supervisors/managers should:

1. Review with the employee his/her attendance record.
2. State why the record is unsatisfactory and why it must be corrected.
3. Make coming to work a more attractive prospect for employees by reducing the problems and disagreeable features of their jobs as much as possible.
4. Keep accurate records and use them to show concern and interest in good attendance.
5. Stress that the absence of one employee places an added burden on his/her coworkers.

NEED FOR ACTION

Supervisors are to follow these action guidelines:

1. After five (5) absences in a six (6) month period, the employee should be counseled concerning attendance standards.
2. If a pattern of habitual or improper use of leave privileges continues, a written warning should be provided to the employee and a corrective action plan developed. This is consistent with the County's progressive discipline process.
3. Failure to adhere to the corrective action plan is adequate justification for suspension or dismissal.

By following the pattern outlined above, the supervisor/manager should be able to detect poor attendance habits and take corrective action. There is no substitute for working closely with an employee and determining the validity of each absence as it occurs.
