

STEPS TO FOLLOW FOR CONNECTION PERMIT

A Connection Permit is required whenever one desires to connect to an existing sewage disposal system, either by location or relocation of a residence, place of business, or place of public assembly.

- 1. Complete "Application for a Soil Evaluation, Installation, Alteration/Repair, or Connection Permit".**
- 2. If structure is to be a mobile home, have Zoning Officer (located in the Anson County Office Building at 107 Ashe Street) approve location.**
- 3. Pay appropriate fees to Anson County Health Department (currently \$75).**
- 4. Uncover the top of the septic tank at one end so the Environmental Health Specialist can inspect the interior of the tank.**
- 5. Place the red "Soil Test" sign SECURELY at the road so the Environmental Health Specialist can find the correct property.**
- 6. Clear large uncontrolled vegetation in the area and mark the tank location if not easily found.**
- 7. Call Environmental Health Specialist from 8:30-9:30AM or from 1:30-2:00PM at 704-694-4832 when tank is ready for inspection. THE TANK WILL NOT BE SCHEDULED FOR INSPECTION UNTIL THE ENVIRONMENTAL HEALTH SPECIALIST IS NOTIFIED THAT IT IS PROPERLY UNCOVERED.**

**IF YOU ARE NOT GIVEN A RED "SOIL TEST" SIGN,
PLEASE ASK FOR ONE.**
